Time Out says

This year's tropical-inspired fete at Faena Miami Beach takes cues from Europe's Baroque period, dripping with drama and glamour and infused with a healthy dose South American romance. Begin your decadent evening at the hotel's gilded Cathedral with champagne, cocktails and live performances. Then make your way to your choice of Faena's award-winning restaurants for a multi-course feast (might we recommend renowned chef Francis Mallmann's Los Fuegos for a truly indulgent Argentine experience?). Once you've had your fill, dance it off to live bands or lounge under the stars at the idyllic Tree of Life before meeting at Damien Hirst's Golden Mammoth for fireworks and surprises as the clock counts down to midnight.
