

The Best Hotel Pools in Miami

As the novelty of winter thaws, we're ready for an escape to Miami and its endless summer. And don't worry about being bathing suit ready: These pools aren't all about being seen—the scene allows for unapologetic lounging, family playtime, strong cocktails (not mutually exclusive), and, yes, a little eye candy. *This article was originally published in 2016; it has been updated with the latest openings.*

Faena Hotel Miami Beach

Traveler readers recently crowned the [Faena the best hotel in the U.S.](#), and we're pretty enamored by it, too—especially the picture-perfect, red-and-white pool area. Beyond the fabulous furniture, it's the service that truly sets this pool apart: Pool attendants clean your sunglasses, hand out carafes of lemon-infused water and complimentary snacks, and even wash your feet with a slow trickle of fresh water from a watering tin (we're not kidding).
